

Scorecard for Accountability and Action

Metrics

Policy and Financial Control		
Oral Artemisinin Based Monotherapy Ban status (2015)		
Community case management (Pneumonia)(2015)		
Community case management (Malaria)(2015)		
World Bank rating on public sector mgmt and institutions 2014 (CPIA Cluster D)		3.2
Commodities Financed, Implementation and Malaria Impact		
LLIN financing 2015 projection (% of need)		100
Public sector RDT financing 2015 projection (% of need)		91
Public sector ACT financing 2015 projection (% of need)		100
Operational LLIN/IRS coverage (% of at risk population)		93
On track in 2013 to Reduce Malaria Incidence by >75% by 2015 (vs 2000)		
Tracer Indicators for Maternal and Child Health		
PM TCT coverage 2014 (% pregnant HIV pts receiving ARVs)		
% deliveries assisted by skilled birth attendant		29
Exclusive breastfeeding (% children < 6 months)		23
Vitamin A Coverage 2012 (2 doses)		98
DPT3 coverage 2013 (vaccination among 12-23 month olds)		70
Postnatal care (within 48 hrs)		37

Key

	Target achieved or on track
	Progress but more effort required
	Not on track
	No data/Not applicable

Malaria transmission is most intense in the south whilst the desert areas in the north are malaria-free. The annual reported number of malaria cases in 2013 was 4,391,189 with 2,209 deaths.

Niger ALMA Quarterly Report Quarter Three, 2015

Progress

Niger has banned the import and sale of oral artemisinin-based monotherapies and has introduced policies on Community Case Management of malaria and pneumonia. Niger has secured the majority of the resources required to sustain coverage of essential malaria control interventions in 2015. The country has achieved high coverage of the tracer MNCH intervention, vitamin A. The country has committed domestic resources to significantly close gaps in malaria intervention coverage and has sufficient financing to procure and distribute the ACTs and RDTs required for 2015. Niger has achieved MDG4 by reducing under-five child mortality by over two thirds since 1990.

Impact

The annual reported number of malaria cases in 2013 was 4,391,189 with 2,209 deaths.

Recommended Actions

Niger has responded positively to the recommended actions addressing low coverage of skilled birth attendants and exclusive breastfeeding, and lack of data on PMTCT coverage and continues to track progress as these actions are implemented.
